

## How to Register for an Equity and Diversity Dialogue Webinar

### June Diversity Dialogue:

#### Trends in LGBTQ Policies and Practices: Results from a National Online Survey of Healthcare Facilities

June 25, 2019 at 12:00pm – 1:00pm CDT

In this webinar, part of the Institute for Diversity and Health Equity's LGBTQ Virtual Journey Learning series, Tari Hanneman, director of the Health Equality Project with the Human Rights Campaign, will discuss the best practices currently recommended to hospitals to improve LGBTQ patient care. Utilizing tools such as the Healthcare Equality Index (HEI), the national LGBTQ benchmarking tool that evaluates healthcare facilities' policies and practices related to the equity and inclusion of their LGBTQ patients, visitors and employees, Hanneman will share insights from the forthcoming HEI 2019 report. Furthermore, the webinar will provide an overview on health care efforts to address the LGBTQ population and gaps that still exist. Participants will gain an understanding of what strategies and resources have proved most effective in encouraging facilities to provide equitable and competent care for all.
